About Aurora Health Care

You want to make the best decisions for you and your family. At Aurora Health Care, we strive to give people better access, better service and better results than they can get anywhere else. We do this through our Care Management approach. Our goal is to provide services that are:

- Coordinated across all care settings
- Accessible and understandable to everyone we serve
- Designed to meet the needs of individuals and communities
- Meeting or exceeding best practices in the health care field
- Measurable against defined standards

As part of the Aurora Health Care system, our clinics and health centers in Marinette and Oconto counties offer you access to providers in nearly every medical specialty and subspecialty – many renowned for their cutting-edge research and expertise.

Aurora understands that health care consumers will continue to place higher demands for quality and value on health care providers. We know patients deserve and expect the best care and experience possible. That's why we offer smoke-free campuses, leading-edge technology, comprehensive care and patient education – making Aurora Health Care a smart choice for you and your family.

Health Care Services

Primary Care

Primary care services are provided by family medicine, pediatric, obstetric and gynecology, and internal medicine physicians. We offer preventive care services, as well as treatment options for common illnesses and injuries. Our providers also care for chronic conditions and offer you access to Aurora Health Care's award-winning Care Management program.

- Urology

Aurora's Outpatient Surgery Center

Aurora's Outpatient Surgery Center provides you the option to have your surgery without requiring hospital admission. We provide cost-effective services in a convenient environment that is less expensive than a hospital-based outpatient care center or inpatient care.

Many patients prefer outpatient surgery because it allows them to return to the comfort and familiar surroundings of their own home the same day of their surgery. Other benefits include cost savings, convenience, a comfortable and friendly environment, and excellent staff. Using laparoscopic, laser and other surgical techniques, physicians can perform a variety of general and specialized procedures in Aurora's Outpatient Surgery Center, including but not limited to:

- Orthopedic/Arthroscopic Surgery: Knee and shoulder arthroscopy, carpal tunnel release, nerve release (treatment for neuropathy), anterior cruciate ligament repair, fracture repair, hand surgery, tennis elbow, hammertoe and more
- Ear, Nose and Throat Procedures: (FESS) Sinus surgeries, sinuplasty, tonsillectomy, children's ear tubes, septoplasty, turbinoplasty and more
- Gastroenterology (GI) Procedures
- Endoscopy Procedures: Colonoscopy, gastroscopy, removal of polyps, biopsies and more
- Hemorrhoid Banding
- Plastic Surgery: Breast augmentation, lift and reduction, rhinoplasty, liposuction and more
- Ophthalmologic Procedures: Cataracts, ductal probing and pterygium
- Gynecological Procedures: Tubal ligation, incontinence treatment, minimally invasive laparoscopic procedures and more
- Urological Procedures: Lithotripsy, removal of bladder tumors, ureteral stents and more
- Pulmonology: Bronchoscopy and more
- General Surgery: Including breast biopsy, sentinel lymph node biopsy, hernia repairs and laparoscopic gallbladder
- General/Vascular: Anterior venous fistulas, mediport insertion and more
- Pain Management and Interventional Procedures
- Neurology: Anterior surgical fusion, lumbar and cervical laminectomy and more
- Podiatry
- Breast Reconstruction Surgery
- Varicose Vein Ablation

Some surgeries can now be done with conscious sedation instead of general anesthesia, reducing risk and improving recovery.

For more information on Aurora's Outpatient Surgery Center located at 4061 Old Peshtigo Road, please call 715-732-8150.

Experienced, Compassionate Cancer Care

When you or someone you love is first diagnosed with cancer, your whole world changes. You look for answers from your doctor, and reassurance and compassion from your family and friends. While some people have to travel great distances to find first class cancer care, you have access to a Vince Lombardi Cancer Clinic close to home in Marinette.

Our local clinic combines the latest medical breakthroughs with advances in hematology and oncology care. The specialists at the Vince Lombardi Cancer Clinic:

- Treat all types of cancers, including but not limited to lung, breast, prostate, brain and gynecological
- Help patients battle cancer on all fronts – through education, prevention, diagnosis and treatment
- Offer screenings designed to detect cancer in its earliest stages
- Are connected to one of the state's leading cancer care programs at Aurora St. Luke's Medical Center in Milwaukee

You also have access to the Vince Lombardi Cancer Hotline at 800-252-2990, which provides information about cancer prevention, detection, diagnosis, treatment and survivorship to patients, their families, friends, health care professionals and the public.

Personalized Services at Aurora Pharmacy

Patient consultations

Getting to know you helps us do our job better. Aurora pharmacists provide one-on-one consultations and are available to answer your questions.

Safety and accuracy

Our pharmacists check and recheck every prescription so you'll always know you're getting exactly what the doctor orders.

Members enjoy a variety of special features, discounts and health information to make their lives healthier and save them money. For more information about *Aurora Freedom+*, please call toll free at 888-537-3336.

Convenience

We accept over 300 insurance plans and offer mail or home delivery (until 5:30 p.m.), so it is easy to get your prescriptions. Now accepting Medicare assignment.

Women's Health Services

Aurora Health Care in Marinette County offers women of our community access to a full-service women's health clinic with open, flexible scheduling and convenient extended hours. A wide range of services are available for every stage of life, including:

- Bone density testing
- Diabetes treatment
- Digital mammograms, featuring the "softer mammogram"
- Initial incontinence treatment
- Initial infertility evaluations and treatment
- Midwife services
- Prenatal care and obstetrics locally; delivery at Aurora BayCare Medical Center with a Level III Neonatal Intensive Care Unit
- Ultrasounds (on-site)

If there is need for a specialist, the Women's Health Services team has direct access to specialty care at Aurora BayCare Medical Center in Green Bay. These specialists focus on:

- Breast health – specializing in breast cancer
- Reproductive endocrinology – for treatment of infertility
- Urogynecology – for issues such as incontinence and pelvic floor dysfunction

To schedule an appointment, call 715-735-4602. For information on upcoming community education presentations, please call 715-732-8145.

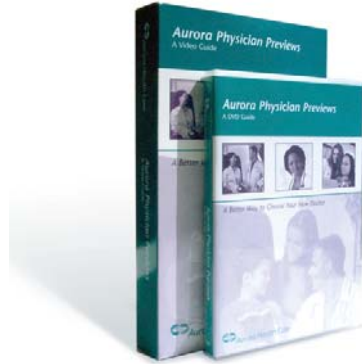

Physician Preview Videos

A Better Way to Choose a Doctor

Aurora physician previews let you meet doctors right in the comfort of your own home. You'll get to know the doctors' personalities as they talk about themselves and their practice styles – making it easier to choose the doctor that's right for you.

Aurora BayCare Medical Center

As a patient of Aurora Health Care, you have access to Aurora BayCare Medical Center – a full-service, regional, tertiary medical center serving the Green Bay area and surrounding communities throughout northeastern Wisconsin. Patients get the highest-quality care in a healing environment that emphasizes comfort and convenience.

Aurora BayCare Medical Center's campus offers:

The Women's Center

Comprehensive women's health care, including obstetrics, gynecology, urogynecology, gynecologic oncology, pediatrics, high-risk pregnancy, neonatal intensive care, fertility services and breast health.

NeuroCare Brain and Spine Center™

A complete continuum of neuroscience care for people who have conditions or diseases that affect the brain, spine or nerves, it includes the only integrated multiple sclerosis clinic in the region. Aurora BayCare Medical Center is certified as a Primary Stroke Center by The Joint Commission, an independent, not-for-profit organization dedicated to improving the quality of care in our organized health care settings.

Heart, Lung & Vascular Center

The region's first integrated facility for the prevention, detection and treatment of heart, lung and vascular conditions provides seamless care that is simple and streamlined. Our team of experts is dedicated to maintaining clinical excellence through continuing education and clinical research. Aurora BayCare Medical Center is an accredited chest pain center.

Aurora BayCare Orthopedic & Sports Medicine Center

Our 80,000 square-foot, fully equipped, state-of-the-art facility is staffed with a team of top orthopedic physicians, physical therapists, athletic trainers and fitness specialists who provide a full continuum of services from injury detection and prevention to acute care and rehabilitation.

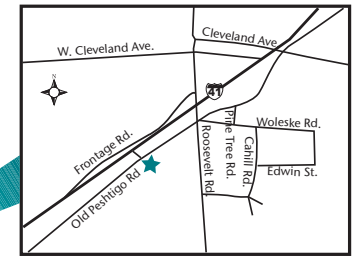

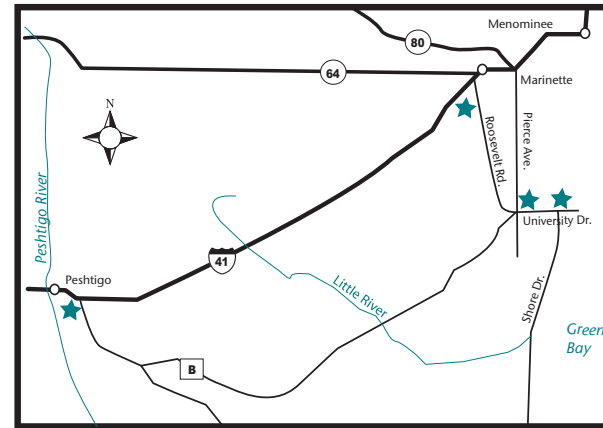

Transplant Outreach Center

Developed in partnership with Aurora St. Luke's Medical Center's Abdominal Transplant Program in Milwaukee, our program provides the convenience of pre-diagnostic testing and postoperative care close to home. Our team of professionals coordinate efforts with Aurora St. Luke's to provide seamless care before and after your kidney, liver or pancreas transplant surgery.

Second Opinion Program

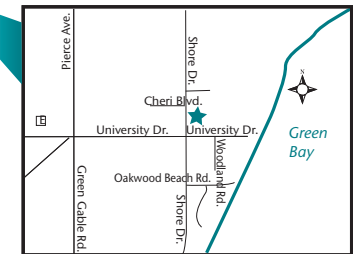

If a diagnosis concerns you – or you want reassurance that a recommended treatment is the best available to you – now you can easily receive a second opinion. Simply call 866-880-8679 and a dedicated second opinion navigator will schedule you with a specialist that is most appropriate for your needs after you answer a brief set of questions regarding your medical situation.
